Informal Listening Questionnaire - Binaural Reverberant Audio Evaluation

Sample ID:
Comparison: [] FDN [] Exponential Tail [] Both
Listening Setup: (e.g., headphones, quiet room)
1. Clarity of Speech
How clearly is the speech understood in the presence of reverberation?
[] Very clear
 Mostly clear
[] Somewhat muffled
[] Hard to understand
[] Unintelligible
Notes: Played it 2 times to understand but 0k
2. Sense of Space
How realistic or immersive does the spatial sound feel?
[] Very spacious and natural
[]/Spacious but artificial
[] Moderate sense of space
[] Narrow or flat
[] No spatial sense
Notes:
3. Decay Behavior / Tail Quality
How does the reverberation tail sound over time?
[] Smooth and natural
Ŋ Slightly unnatural or metallic
I 1 Too short / abrupt

Notes: Minor weta@c prints 4. Stereo Image / Binaural Placement Does the sound image feel stable and centered? [] Balanced and centered M Slightly skewed or unstable [] Hard to localize [] Echo-y or disorienting Notes: To the Call 5. Overall Naturalness If this audio came from a real room, would it be believable? [] Completely realistic [] Mildly artificial [] Unnatural [] Distracting or fake Notes: General Comments	[] Too long / lingering	
4. Stereo Image / Binaural Placement Does the sound image feel stable and centered? [] Balanced and centered M Slightly skewed or unstable [] Hard to localize [] Echo-y or disorienting Notes: To the (att.) 5. Overall Naturalness If this audio came from a real room, would it be believable? [] Completely realistic [] Mildly artificial [] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	[] Diffuse or unclear	
4. Stereo Image / Binaural Placement Does the sound image feel stable and centered? [] Balanced and centered M Slightly skewed or unstable [] Hard to localize [] Echo-y or disorienting Notes: To the Cott. 5. Overall Naturalness If this audio came from a real room, would it be believable? [] Completely realistic [] Maidly artificial [] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	Notes:	
4. Stereo Image / Binaural Placement Does the sound image feel stable and centered? [] Balanced and centered M Slightly skewed or unstable [] Hard to localize [] Echo-y or disorienting Notes: To the Cott. 5. Overall Naturalness If this audio came from a real room, would it be believable? [] Completely realistic [] Maidly artificial [] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	Minor wetallic points	
Does the sound image feel stable and centered? [] Balanced and centered M Slightly skewed or unstable [] Hard to localize [] Echo-y or disorienting Notes: To the Cert. 5. Overall Naturalness If this audio came from a real room, would it be believable? [] Completely realistic [] Mildly artificial [] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	1	
[] Balanced and centered M Slightly skewed or unstable [] Hard to localize [] Echo-y or disorienting Notes: To the Cott. 5. Overall Naturalness If this audio came from a real room, would it be believable? [] Completely realistic [] Acceptably realistic [] Mildly artificial [] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	4. Stereo Image / Binaural Placement	
M Slightly skewed or unstable [] Hard to localize [] Echo-y or disorienting Notes: To the Cart 5. Overall Naturalness If this audio came from a real room, would it be believable? [] Completely realistic [M Acceptably realistic [M Indly artificial [] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	Does the sound image feel stable and centered?	
[] Hard to localize [] Echo-y or disorienting Notes: To the Cart 5. Overall Naturalness If this audio came from a real room, would it be believable? [] Completely realistic NAcceptably realistic [] Mildly artificial [] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	[] Balanced and centered	
[] Echo-y or disorienting Notes: To the Coft. 5. Overall Naturalness If this audio came from a real room, would it be believable? [] Completely realistic [] Acceptably realistic [] Mildly artificial [] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	✓ Slightly skewed or unstable	
Notes: To the Core 5. Overall Naturalness If this audio came from a real room, would it be believable? [] Completely realistic [] Mildly artificial [] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	[] Hard to localize	
5. Overall Naturalness If this audio came from a real room, would it be believable? [] Completely realistic [] Mildly artificial [] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	[] Echo-y or disorienting	
5. Overall Naturalness If this audio came from a real room, would it be believable? [] Completely realistic [] Acceptably realistic [] Mildly artificial [] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	Notes:	
If this audio came from a real room, would it be believable? [] Completely realistic [] Acceptably realistic [] Mildly artificial [] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	To the Cert	
If this audio came from a real room, would it be believable? [] Completely realistic [] Acceptably realistic [] Mildly artificial [] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.		
[] Completely realistic [] Acceptably realistic [] Mildly artificial [] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	5. Overall Naturalness	
Acceptably realistic [] Mildly artificial [] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	If this audio came from a real room, would it be believable?	
[] Mildly artificial [] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	[] Completely realistic	
[] Unnatural [] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	[V] Acceptably realistic	
[] Distracting or fake Notes: General Comments Anything that stood out - good or bad.	[] Mildly artificial	
Notes: General Comments Anything that stood out - good or bad.	[] Unnatural	
General Comments Anything that stood out - good or bad.	[] Distracting or fake	
Anything that stood out - good or bad.	Notes:	
Anything that stood out - good or bad.		
Anything that stood out - good or bad.		
	General Comments	
Overall acceptable despite the winor point noted	Anything that stood out - good or bad.	
Overall acceptable despite the winor point noted		
	Overall acceptable despite the winor point noted	

Final Rating (1-5)

Based on your impression, how would you rate the overall audio quality?

- []5 Excellent
- **№** 4 Good
- []3 Fair
- []2-Poor
- []1 Very Poor
